Attention FCC:

I am sending this communication to tell you that I am a subscriber to satellite radio and that I oppose HR 4026. I live in a rural area and XM satellite radio has brought an entirely new dimension of staying in touch with the world events as well as providing the variety of music that I and other listeners expect. As a paid subscriber, I do not think that the National Association of Broadcasters should be able to dictate what I can and cannot listen to. I respectfully ask you to reject the NAB's petition 04-160 and support citizens like myself with the breadth of programming that satellite radio provides.

Best Regards,
Kerry Marumoto
